

STAFF EXCHANGE

The networking opportunities facilitated by the organisation are ideal when looking for and setting up staff mobility assignments. Having an ongoing relationship with other organisations in the network simplifies the organisation of this type of activity.

ANNUAL CONFERENCE

The Annual Businet Conference is where members come together to network and plan future activities. It has become central to many members' planning process. The conference provides the opportunity to meet a significant number of partners in one venue, making attendance cost-effective.. The recent average conference attendance is over 180 delegates from 70+ institutes. Recent conferences have been held in Malta, Zagreb, Budapest and Vilamoura.

Guests are always welcome and it would be a great pleasure to see you at the next event.

THE MISSION OF THE BUSINET LAW GROUP

Is simply to facilitate Businet members that offer Law studies at a professional Bachelor level -as a Major or a Minor- in as many ways as possible...

AMONGST ITS MEMBERS THE BUSINET LAW GROUP

Supports and promotes activities in the field of internationalisation abroad or '@home':

International Law Game Student exchange
Teacher exchange Moot Court
IP's or International Law Weeks Certificates
rewarding students after an international
experience Law (research) Projects

INTRODUCING THE ORGANISATION

Businet is a Network of Institutes of Higher Education, both universities and colleges. It was established in 1987 and currently has over 100 members spread across 31 countries worldwide.

The initial aims of the organisation were to enable the establishment of European programmes in business education and to promote opportunities for Institutes of Higher Education, their staff and their students.

As the needs of our member organisations have changed and as the membership profile has altered, reflecting the growth and diversity of the European Union and the impact of globalisation, so have the activities of Businet. The organisation however still keeps at its heart the needs of the Higher Education Institutes, the students, the staff and industry.

Activities initiated in and undertaken across the Network.

Member organisations work together on activities such as:

- International Law Game
- Student exchange
- Teacher exchange
- Moot Court
- IP's or International Law Weeks
- Certificates rewarding students after an international experience
- Law (research) projects

Law Group website: sites.google.com/site/businetlawgroup

The network is a very active one, offering a wide range of opportunities to meet the varied needs of the member institutes.

BUSINET MOOT COURT

General

A Moot Court is an extracurricular activity in which Law students take part in simulated court proceedings, which usually involves drafting briefs (or memorials) and oral argumentation. A Moot court does not involve actual testimony by witnesses, cross-examination, or the presentation of evidence, but is focused solely on the application of the law to a common set of evidential assumptions to which the competitors must be introduced.

The Businet Moot Court focuses on EU Law and it is a unique opportunity for students to show their talent to be the best litigator in this field. English is the common language.

Date & Venue

March – The exact date and other more specific information about the venue can be found on the Law Group website.

Price per student for Businet partners

€250.00 – Including: 3 nights lodging, breakfast, opening dinner and closing dinner.

BUSINET INTERNATIONAL LAW GAME

General

Teams that play the BILG do not represent their University but players/students are mixed so that each group/team is composed of students who study at different institutions and speak a different mother tongue. Groups are usually named after one of the Roman emperors.

The BILG case deals with EU Law or International Law matters and the case has to be solved in one afternoon using online communication and computer apps.

BILG is played in English, thus the assignment and the final documents are written in English and so is the common language for communication.

Date

December – The exact date and other more specific information can be found on the Law Group website.

Venue & Tools

Internationalization@home

Students from each team work at home on the solution of the BILG through Google documents (including Google chat) and Skype. So each player/student needs a computer or laptop with internet connection, a Google account, a skype account, a headset and a webcam so that they can collaborate (write) and consider, consult and communicate with their team members that are located elsewhere in Europe (Leuven, Brno, Liège, Helsinki, Berlin...)

Price per student

No fee!!
