

Rijeka, 25 April 2025

Call for Registration: PAR International Summer School Sail & Learn 2025 – An International Academic Adventure in Rijeka

Esteemed Professors,

greetings from PAR University of Applied Sciences.

We are thrilled to invite you to our PAR International Summer School Sail & Learn 2025, a long-standing tradition that brings together academic staff from around the world and celebrates international collaboration year after year.

This year's edition will take place from 7 to 18 July 2025 in the beautiful city of Rijeka, Croatia. Through inspiring lectures, cultural visits and vibrant social activities – including sailing trips, a guided walking tour of Rijeka, the Dean's Dinner and excursions to some of the region's cultural treasures – Sail & Learn strikes the perfect balance between academic enrichment and summer adventure. And because no great conversation should happen on an empty stomach, daily lunches are included, offering excellent opportunities for networking and idea-sharing.

Teaching Format:

- Classes will be conducted in person, with daily sessions lasting either 2 or 4 hours. Each lecturer is expected to deliver a total of 8 consecutive hours to the same group of students.
- The language of instruction is English.
- All classrooms are equipped with a whiteboard, computer and television. Any requests for additional equipment, such as student laptops or specialized tools, should be communicated in advance.

Application and Materials Submission Process:

All applicants are kindly asked to submit the following by **23 May 2025** to **international@par.hr**:

- Registration form (please follow the [link](#));
- Brief professional biography (maximum 200 words, including academic background, current position and area of expertise);
- Proposed lecture outline (attached to this email);
- Recent photo (for promotional and organizational purposes)

The final list of selected lecturers will be announced on **30 May 2025**. Selected candidates are kindly asked to submit their final presentations and materials by **24 June 2025**.

*Please note that PAR University of Applied Sciences reserves the right to shift classes online if necessary, depending on prevailing circumstances.

* Participants are welcome to join the programme through Erasmus+ teaching mobility.

We look forward to receiving your applications and welcoming you to Rijeka!

The PAR Team
