

THINKING EMPLOYMENT?

THE BUSINET STUDENT CONFERENCE

Edinburgh 25-29 November 2018

STAFF INFORMATION

Businet has hosted a student conference annually since 1997. The event was referred to as the Unité student conference. Over the years the content and venue have been changed but the concept of bringing students from different countries and institutes together to network and learn has not changed. In 2017 a review of the venue and programme led to the further evolution of the event.

Previously the Unite Conference explored Employability Skills and Cultural Awareness. 2018 sees the evolution of the programme, which will;

- identify and explore **Employability Skills**,
- encourage **Reflective Thinking**,
- provide the opportunity to sample **Experiential Learning**, and
- introduce the concept of **Emotional Intelligence**.
- assist students to identify and develop skills and self awareness through **reflection**.

There are 110 places available. Up to 30 September there will be a maximum of 5 home students per institute, plus up to 5 "guest" students from outside of the home country, currently studying at your institute. If places remain at 30 September that allocation will increase.

The Event

Businet Student Conference
